Lyrics

The Wake Up Song

Wake up little Baby.
It's time to start your day...
And know your mommy loves you,
in every single way.

Mommy Wants Baby to Eat

Mommy wants baby to eat their food,
But Baby is not in the mood.
What's a Mommy to do?

She's gotta call in the crew.

Chorus
Here comes the plane-Wooo
Here comes the train-Chugga Chugga
Choo Choo
Here comes the bus,
Now don't make a fuss
Here comes the bus
Cause here comes your food
(Repeat Chorus)

Now Mommy and Baby are so happy
Cause baby now has a full belly.
What's next? I know,
Clean the Baby off.
Quick, someone go get Mr. Washcloth!

Mr. Washcloth

Here comes Mr. Washcloth (3x)

To clean Baby's face.
It's time to clean your nose off.
It's time to clean your toes off.
It's time to clean your mouth off.
And get you all clean.

Clean, Clean Mr. Washcloth clean (2x)

Here comes Mr. Washcloth (3x)
To get your Baby clean (3x)

Not in a rush, in a rush,
in a rush, rush rush.

Brush your teeth so they'll be clean and you will have no cavities.
Each little tooth will get their turn so they can show how clean they are.

Gotta Brush, Gotta

Brush, brush.
Not in a rush, in a rush,
in a rush, rush rush.

Boo Boo

When you're outside
and your running
around, you might fall
down and go boom.

So you might start a
cryin' and your mommy
comes a flyin'
Cause you just fell down
and went boom.

Boom, Boom, Boom
you fell down and went
boom.

Mommy'll kiss it and
make you feel better.
Kiss, Kiss, Kiss. Now
we'll get a band-aid.
And then you will have
it made.

It could happen with a
toy or a girl or a boy.
You might get a little
boo boo.

And you might start a
cryin' and your mommy
comes a flyin'
Cause you just got a
little boo boo.

Boo, Boo, Boo you got a
little boo boo.
Mommy'll kiss it and
make it feel better.

Kiss, Kiss, Kiss. Now
we'll get a band-aid.
And then you will have
it made.

Sunscreen

Chorus

Look outside, it's sunny
today.

It's definitely a
sunscreen day.

But don't put it on just
any old way.

You've got to put suntan
lotion on.

It'll only take a second.

It won't take long to
protect your skin from
the sun. Take care of
your skin....

First we'll dab some on
your nose and cheeks
and all around.
Soon you will start to
look like a very silly
clown. Then we'll rub it
all in...

Next we'll draw lines on
your arms and legs that
look like snakes. But
hey before you get real
scared remember they're
just fake. Then we'll rub
it all in. Rub it all in to
protect your skin.
(Chorus)

Finally we'll dab some
on your back all in
spots. So we can play us
a game of connect the
dots. Then we'll rub it
all in...Rub it all in to
protect your skin.

Now it's time to go have
some fun.
We'll play all day long
in the sun.

Clean Up Toys

Clean up, clean up.
It's time for us to clean
up.
Put toys away,
everyday.
It's time for us to clean
up.

Miss Tissue

You get rid of a cold
with Miss Tissue.
You get rid of a cold
with Miss Tissue.

So wipe your nose and
don't you cry,
You get rid of a cold
with Miss Tissue.

You get the tears off
your eyes with Miss
Tissue.

You get the tears off
your eyes with Miss
Tissue.

So wipe your tears and
don't you cry,
You get rid of your tears
with Miss Tissue.

You get the slime off
your face with Miss
Tissue.

You get the slime off
your face with Miss
Tissue.

So wipe your nose, say
goodbye to cold.
You get rid of your cold
with Miss Tissue!

Sir Suds

Sir Suds is a guy you
can meet today.
Before you go to bed or
after you play.
So run to the tub and
don't you delay.
Sir Suds will get you
clean today.
So rub a dub, dub.
Scrub, scrub, scrub.
Rub a dub, dub with Sir
Suds.

Hold Still, Time to Trim Your Nails

Hold Still, Hold Still,
little baby Hold Still.
Mommy needs to trim
your little nails.
It's time to play a little
game so mommy can
trim your nails today.

Chorus

To play just hold as still
as can be.
We'll start with your 10
little piggies.
Don't forget your
fingers and thumbs.
Hold real still and soon
we'll be done.

Hold Still, Hold Still,
little baby Hold Still.
Mommy needs to trim
your little nails.
We just played a little
game. Now the other
